Policy # 67003

MEDICAL EMERGENCY HEALTH CARE SERVICES

Effective Date:
July 2, 2002

Reviewed/Revised Date:
April 25, 2023

Responsible Office: Foster-Johnson Health Center
Division: Student Affairs

I. PURPOSE/OBJECTIVE

To provide medical emergency health care services to all GSU students.

II. STATEMENT OF POLICY

A medical emergency on campus requires a call to the University Police Department at (318) 274-2222 or (318) 274-2219 (24 hours a day). Students can also use the Emergency icon on their GSAFE App for medical emergencies. University police will contact the local ambulance service and/or Ruston Fire Department Emergency Medical Services (EMS). EMS will determine the extent of the emergency and treat or transfer the patient to a local medical facility.

If your problem is not a critical emergency, but you do need assistance after hours, do one of the following:

1. Call or go to a private physician of your choice;
2. If you live in a residence hall, consult staff assigned; or
3. Call or go to one of the local after-hours clinics.

III. After Hours Clinics

- Quick Care of Ruston
1809 Northpointe Ln.
Ruston, La. 71270
(318) 255-3762
