

Student Guidelines: GSU CRRSAA Grants

Grambling State University students who need financial assistance for expenses incurred during COVID-19 response could be eligible for a student grant. Students who have incurred emergency expenses due to COVID-19 (for example, cost of attendance (COA) expenses like food, housing, course materials, technology, health care, childcare, and others) may qualify for a federal CRRSAA Grant which will provide emergency relief funding.

Eligibility

Only students who meet pre-qualification to apply for CRRSAA grant assistance will find the application in BannerWeb. Students who have financial hardship because of the COVID-19 pandemic and are a U.S. Citizen or eligible noncitizen are eligible to participate. This includes students who are enrolled exclusively in online programs or classes.

Process

Applications for CRRSAA grants will be available starting March 19 at 12 am. Eligible students should sign-in to BannerWeb to complete an application by March 26. Awarding of funds is made on financial need. Financial need is measured by the student's Estimated Family Contribution (EFC). Full-Time and Part-Time Undergraduates and Graduates with the lowest EFC will be eligible for the largest award. These availability-based funds will be disbursed as outlined in the schedule below. Students who do not meet the submission date will have their grant applications considered only if funding is available; students who apply before the deadline will receive funding first. A limited amount of funds are available.

Check your student email for results or requests for additional information after your application has been submitted. Awarded funds will be posted on the student's account and disbursed in the form of a direct payment to the student either in direct deposit or mailed check. It is recommended that students submit a [direct deposit authorization form](#) to ensure funds will be readily accessible for needed expenses.
