In addition to registration, nominations are open for our annual System awards. We are rich in outstanding faculty and staff and look forward to recognizing the accomplishments of three individuals in march. Please consider nominating a colleague for one for the following:

The [Champion of Diversity/Inclusion Award](#) recognizes an individual who exhibits excellence in living and promoting behaviors that demonstrate diversity, inclusion and cultural competence.

The [Outstanding Faculty Award](#) recognizes a faculty member with a commitment to higher education and highlights superior accomplishments in teaching, research and public service

The [Outstanding Staff Award](#) recognizes a staff member who has accomplished exceptional achievements in their respective job assignment, supports the fulfillment of their university's mission, and contributes through service at their university or within their community.

Award nominations are due by Feb. 5.

Your diligence the past 10 months will continue to inspire me for decades to come and I look forward to visiting with you in March.

For your future. For our future.
